Family And Friend Visitation

Starting March 23rd, we have received new guidance from the Department of Social Services with good news that visitors will now be allowed inside residents' apartments. We please ask that all visitors follow the following guidelines to ensure the continued safety of yourself and your loved ones.

There is a maximum of 4 visitors per resident, the door to your apartment must be closed during visits, face masks must be worn, and there are no guests allowed to visit in the common areas. Visits are by appointment only, to ensure we are not over the recommended capacity of people in the building at once.

We thank everyone for their continued cooperation and are happy to see that things are looking up!
