Resident Spotlight: Louis M

"On the Road Again" is a fitting theme song for Louis, who spent 30 years transporting produce twice monthly throughout the United States. He calculates that in those years he covered over 2 million miles. Some of his special loads were contracted by the government. Louis is proud to have driven his own "rig" and to have achieved a trucking career without any incident or customer complaint. He especially loved summers when he would take his wife with him in the cab across the states. Louis left his home state of New York at 18 to seek opportunity in California and realized his good fortune when he met his wife, Janet, at a Parents Without Partners meeting. Together they raised four children ... yours, mine and ours. Louis made it his mission to be a good husband and a good father. His children have fond memories of the family's combined celebrations of Hanukkah and Christmas, receiving double the presents. (Continued ...)

In addition to family events, Louis enjoyed a passion for senior softball, playing the position of catcher. He was also a talented woodworker and remembers with pride his creation of an English garden bench of white oak. Life's lessons have taught Louis you can always overcome difficulties by persevering and having the patience to keep going. The legacy Louis leaves his 4 children, 10 grandchildren and 5 great-grandchildren is living a life that values honesty, as he says, "especially with your wife."

Crafty Corner: Fun in the Sun Wreath

Materials: 10-inch foam wreath form. Paper drink umbrellas (at least 50)

Directions: Place the wreath form on your work surface. Open an umbrella and stick the toothpick end into the wreath. Continue placing umbrellas all over the surface of the wreath form. Fill in gaps by only partially opening some umbrellas and by varying how deep you insert the toothpicks. You can also use different sizes of umbrellas, which can be found at party and craft stores. When the wreath is fully covered, hang the wreath on your door, wall or window. *We will be hosting this fun craft at our local Vallejo Senior Center!*

We are asking family and friends of our Memory Care residents to please mark or label your loved one's laundry (clothing, towels, & bedding, etc.) with loved one's name or initials. Unfortunately, there is a possibility of laundry getting mixed up. Doing this would provide staff the security of knowing whose items belong to whom.

We'd also like to remind you that any and all toxic chemicals must be removed from Memory Care residents' rooms.

Including, but not limited to the following products are considered toxic materials:

- cleaning supplies
- bleaches
- Febreze air refresher
- mouthwash
- insect spray
- dish soaps
- laundry detergents
- Any item that is labeled toxic.

Household cleaning products are not necessary to keep within rooms as we offer housekeeping staff that are here to keep things nice and tidy. Our residents' health and safety are important to us, and we appreciate the cooperation. Thank you!
